Git, GitHub, NPM, Yarn, Vercel, Netlify, Postman, Chrome DevTools, Figma, Docker.

VOLUNTEER EXPERIENCE

I volunteered in a Blood Donation Camp, managing donor registration and coordination. I also contributed to my college fests (Science, Music, and Cultural), handling event planning, logistics, and stage management. These experiences improved my organizational, teamwork, and communication skills while allowing me to support community and campus events effectively.

PROJECTS:

• FITNESS WEBSITE

A modern fitness application built with React.js, Material UI, Rapid API, HTML, CSS, and JavaScript. The app allows users to search for gym exercises, view detailed exercise instructions, and watch YouTube workout tutorials for proper form and technique. It provides a responsive UI, categorized exercises, and seamless API integration for real-time data. Perfect for fitness enthusiasts looking for guided workout routines!

Technology: React.js, Material UI, Rapid API, HTML, CSS, JavaScript
